

# COMPREHENSIVE SUPPORT PACKAGE

This programme is designed for businesses who are wanting comprehensive H&S support and guidance.

It involves thorough H&S review and consultation. We identify areas needing improvement for compliance with the HSWA and work with you to take the practical steps towards the required change.

Included in this package are quarterly on site Health and Safety training from an expert health professional and quarterly visits from our Health and Safety Consultant. You also benefit from our on call advice, Clinical Services and specialist Occupational Physician oversight to keep your workers safe and healthy

## **Workplace H&S Review**

On site assessment, data collection, photos and interviews. You are provided with a report outlining compliance requirements and prioritised recommendations

## **Policy and Procedure Development & Training**

We will work with you to develop or improve a policy or procedure such as, recruitment, training and induction, hazardous substance management, health monitoring, emergency response

## **Twice yearly Physiotherapist Worksite Staff Training**

Company specific training in areas such as, manual handling, exercise programme development, ergonomic advice, injury prevention and management

## **Early Intervention Sessions x6**

Physical, Medical or Counselling sessions at our Richmond clinic. Expert assessment and advice on developing issues in the workplace to reduce lost time injuries or sickness  
Early intervention sessions are followed up with communication and advice to relevant parties with the aim of providing the best outcome fast

## **Quarterly H&S Support Visits**

Our H&S consultant will visit your worksite quarterly. These visits may be used to train staff and managers in optimal use of your Health and Safety management system such as hazard ID, incident reporting, record keeping, H&S meetings and injury management; or work with you on any specific issues that arise

## **On Call Advice**

Available when required to provide support and advice for health and safety issues or concerns relevant for specific individuals or worksites

***H&S review/Set up fee \$1500+GST  
Monthly fee (12month contract) \$425+GST***
